Guardian Engine Kits

*Includes *Newly Expanded* Classic & Vintage Coverage*

2020-2021

Foreign & Domestic Cars & Trucks,
Industrial, Heavy Duty, Performance & Marine

gasoline - diesel - forklifts - power units

A Publication Of Engine Parts Center® & The Internal Engine Parts Group, Inc.®

GEK09

GUARDIAN ENGINE KIT GUIDELINES

INTERNAL™
Engine Parts Center

1) ORDERING

Specify part number, make, model, year and cubic inch, liters, or cubic centimeters of engine. Due to the complexity of some applications, additional information may be required. Please watch for footnotes. Due to manufacturer modifications of unforeseeable natures, additional footnotes may be assigned to a particular kit after this catalog is printed. Consult electronic catalog for the most current information. Up to three (3) components may be deleted from a 200, 300, or 500 series kit. No deletions are allowed from an EK, 100, and 400 series kit. Some substitutions are permitted. (see # 5 below). Kit availability is subject to component supply from manufacturers.

2) CONTENTS

All parts used in these kits are of the highest quality and meet or exceed OEM specifications. ***In most cases, valley pan intake gaskets are not included; please order them separately.***

3) KITS WITH CRANKSHAFTS

Most kits listed within catalog may be ordered with a crankshaft. Please contact your local Engine Parts Center branch for availabilty of engine kits with crankshafts.

4) OVERSIZE KITS

Normally, there is no extra charge for engine kits with oversize bearings, piston rings, and/or pistons.

5) SUBSTITUTION OF PARTS

An additional charge may be added when parts are substituted within an engine kit. This charge, if applicable, will vary depending on the part substituted.

6) WARRANTY

Great care has been used in compiling this catalog. Due to the possibility of errors in source material, The Internal Engine Parts Group, Inc. cannot assume responsibility for the accuracy of this information. It is the installers responsibility to check the parts used for proper size and to insure that they will correctly replace the original parts. The Internal Engine Parts Group, Inc. will exchange any incorrect parts **prior to installation.** The Internal Engine Parts Group, Inc. will not assume any liability for loss or damage if the wrong part is installed nor in any way be responsible for a customer assembled engine or component. Warranties of all materials sold by The Internal Engine Parts Group, Inc., if any, are issued solely by the individual manufacturer of the part or material. The Internal Engine Parts Group, Inc. expressly disclaims all warranties, either expressed or implied, including any implied warranty of merchantability or fitness for a particular purpose except as herein described. The Internal Engine Parts Group, Inc. shall not be held liable for any labor charges incurred by customer's removal, replacement, adjustment, or repair of any part or parts. The Internal Engine Parts Group, Inc. assumes no liability of responsibility for any damage; either directly or consequentially. The Internal Engine Parts Group, Inc. expressly prohibits and denies any person from issuing any expressed or implied warranty on its behalf.

7) RETURNS

All returns, either in whole or part of a kit, must be accompanied by an original invoice number. The returned merchandise must be in saleable condition and may be subject to a handling charge.

8) ENGINES NOT CATALOGED

The Internal Engine Parts Group, Inc. can supply parts for almost any engine built. Our computerized catalog is being updated daily. Please visit www.internalengineparts.com for the most recent information in .PDF format.

9) CALL YOUR NEAREST WAREHOUSE FOR INFORMATION
